Mr. Jaroslav Baška
Chairman of Trenčín Self-Governing
Region, the Slovak Republic

Dear Mr. Baška,

Re: on providing aid

On behalf of the Chernihiv Regional State Administration I certify the Trenčín Self-Governing Region of the Slovak Republic and you personally of deep respect.

Slovakia is one of the most consistent supporters of Ukraine's European and Euro-Atlantic aspirations. We express our sincere gratitude to your country for its steadfast position on countering the aggressor - the Russian Federation, as well as for the care and support of the region in this difficult time for our country.

The Russian Federation has carried out an insidious and shameful military attack on our state. However, the Armed Forces of Ukraine and ordinary citizens are courageously defending the territory of our native Ukraine and repel the aggressor. We believe that by working together, in particular with the help of our reliable international partners, we will win.

In order to assist in overcoming the consequences of hostilities for the Chernihiv region's citizens and to support the life of our region, we are kindly asking you, dear Mr. Baška, to provide humanitarian aid to the citizens of the region, in particular mats and sleeping bags, blankets, pillows, bed linen, medicines and medical devices, sanitary and hygienic products, foodstuff, protective equipment (Kevlar helmets, bulletproof vests, tactical goggles and other means) and other goods to meet the needs of the local population.

We sincerely hope for your help and cooperation.

Sincerely yours,

Viacheslav Chaus

Chairman of the Chernihiv Regional
State Administration
